Perfect Getaway:

"Our family had the privilege of spending the Christmas holiday at this beautiful and very comfortable home. The kitchen was well equipped with every appliance imaginable, and the whole atmosphere of the home was completely made for cooking, baking, game playing and taking in the magnificent view of Discovery Bay and the Olympics. We really can't speak highly enough of this home and property - all was immaculate and very well maintained. Any season of the year would do this home justice, and it truly is stocked with the best of everything." - Stayed: December 2015
